

CHRISTIANO DE ARAUJO — Visual artist, painter, sculptor, designer and art producer.
Phone: 416.220.5059 – Email: christianojunior@hotmail.com – Website: www.christiano.ca

PROFILE: Multidisciplinary professional artist with a background in creating original art on small and large scales both indoors and outdoors. Over 25 years of diversified experience in creating, designing, project managing, producing and executing 2D and 3D large-scale public art projects and installations, including murals, sculptures, canvas and digital art designs. A versatile, hardworking and dedicated artist who can solve problems creatively with tight deadlines. Fluent in English and Portuguese languages.

WORK SKILLS:

Digital art rendering: Adobe Photoshop CS6, proficient on Wacom tablet, graphic design and photography. PC literate in Windows 10 and Microsoft Word.

Specialties: Skilled in hand/power tools including electrical, pneumatics, HVLP spray guns. Over 20 years of experience working with heavy equipment like scaffolding, powered lift systems, scissor lift, boom lift, swing stage and forklift. Expert in constructing and installing artistic projects with paint, metal, wood, fasteners, adhesives, Styrofoam, papier-mâché, plastic, plaster, cement, tiles, bricks, blocks and stones.

Community engagement: Works regularly with community and grassroots organizations to involve volunteers, newcomers, aspiring artists, youth, and people of diverse backgrounds in artistic productions that directly impact local communities.

Leadership: Maximized talent through instruction, motivation and support. Encourages respect, initiative and enthusiasm in others. Interviewed, employed and trained staff. Lead artistic teams and projects of up to 10 people.

Teamwork: Worked on large and small teams to accomplish, daily, weekly and monthly goals. Excels at collaboration on artistic projects where multiple visions come together to create one seamless result.

Project Management: Proven excellent end-to-end project management and organizational skills displayed through years of experience managing processes, analyzing and identifying opportunities to improve efficiency. Experience streamlining project timelines and budgets, managing staff, supply sourcing, equipment and troubleshooting unforeseen circumstances, etc.

Safety: Compliant with all safety regulations; designed and applied safety procedures, vehicular traffic control and worker/worksite rescue plans. Goes above and beyond basic safety needs to ensure that all staff, public and surrounding areas are secure. Has never had an injury occur on a worksite.

Stakeholder relations: Experience navigating multiple investor directives with different levels of investment and interest. Liaises with all levels of staff and management to accommodate budgets, resources and coordinate schedules.
